Family Resource Centers (FRCs) are open to the public and seek to strengthen families by promoting health, wellbeing, self-sufficiency and positive parenting through support and education. Each center is uniquely positioned to serve its community, offering a range programs and services including but not limited to parenting classes, parent-child groups, early learning centers, play groups, kinship navigation, assistance with tax preparation, information and referral, after school assistance and other programs to meet specific community needs.

To locate your nearby Family Resource Center (FRC), find the FRC in or nearest your town or county.
